Getting to resources

- Thousands of books and journals
- Millions of citations
- Undecillion links
- LibKey Nomad to the rescue!

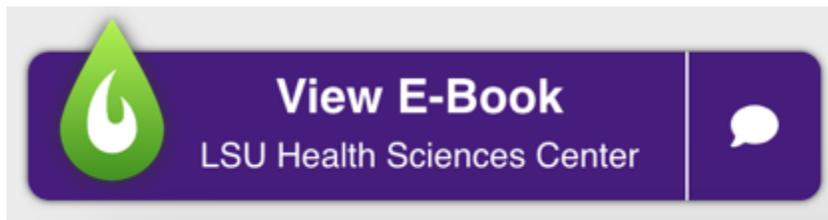

What is LibKey Nomad?

- Browser extension
 - Chrome, Edge, Firefox, Safari, Brave, Vivaldi
 - Desktop browsers only
 - From Third Iron
 - Works everywhere
-

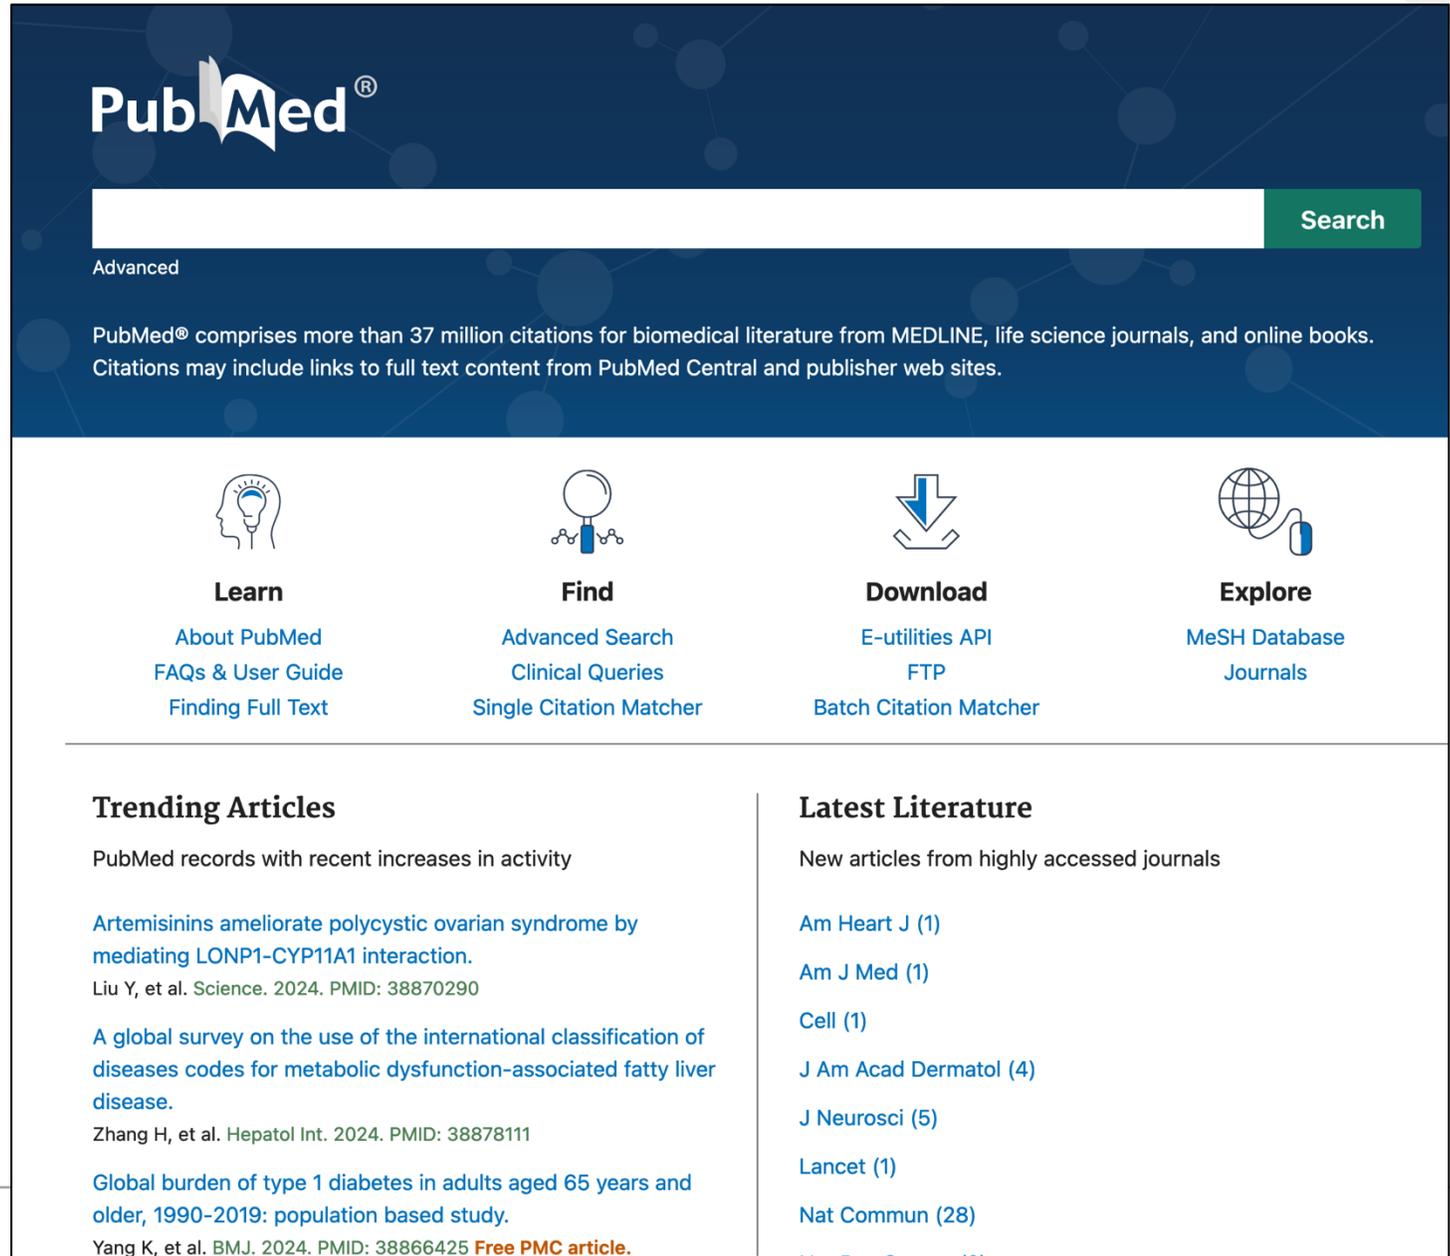

Thousands and thousands of articles and books: in one click!

- Brings the Library's resources to you
 - Journal subscriptions
 - eBooks
 - Open access articles
- Icons display in
 - Library databases
 - PubMed
 - Publishers' sites
 - Google Scholar

PubMed without LibKey Nomad

The screenshot shows the PubMed website interface. At the top left is the PubMed logo. Below it is a search bar with a green 'Search' button. Under the search bar, the word 'Advanced' is displayed. A paragraph of text states: 'PubMed® comprises more than 37 million citations for biomedical literature from MEDLINE, life science journals, and online books. Citations may include links to full text content from PubMed Central and publisher web sites.' Below this is a navigation bar with four icons and their corresponding sections: 'Learn' (lightbulb icon), 'Find' (magnifying glass icon), 'Download' (download arrow icon), and 'Explore' (globe icon). Each section lists several links. Below the navigation bar are two columns: 'Trending Articles' and 'Latest Literature'. The 'Trending Articles' column lists three articles with their titles, authors, and PMIDs. The 'Latest Literature' column lists several journal titles with their respective article counts.

LibKey Nomad in Action!

Installing LibKey Nomad

- <https://libkeynomad.com>
- Search for *lsu* and select **LSU Health Sciences Center**
- Special instructions for Safari on our LibKey Nomad LibGuide

The screenshot displays the LibKey Nomad interface. On the left, a dark blue sidebar contains the LibKey Nomad logo (a green drop with a white flame) and the text "LibKey Nomad" and "Discovery starts everywhere." Below this, it states "LibKey Nomad connects your library's resources with scholarly articles you find in PubMed, Wikipedia and hundreds of Scholarly Publisher Websites." At the bottom of the sidebar, it says "LibKey Nomad is a Third Iron technology supported by your library. Privacy Policy | v1.55.1".

On the right, the main content area is titled "Options" and shows the "LSU Health Sciences Center" logo. Below the logo is a "Select Organization" dropdown menu. The search input field contains "lsu". The dropdown list is open, showing several options: "Biblioteka Główna im. Jędrzeja Sniadeckiego AWF Warszawa (Józef Piłsudski University of Physical Education in Warsaw)", "Lithuanian Sports University (LSU)", "LSU Health Sciences Center" (highlighted in blue), "LSU Health Sciences Center Medical Library - Shreveport", and "Paracelsus Medical University". A red arrow points to the "LSU Health Sciences Center" option.

LibKey Nomad Settings

- Pause LibKey Nomad instead of installing
- Placement of buttons and banners
- Reset dismissed messages

The image shows two screenshots of the LibKey Nomad interface. The top screenshot shows the main banner with the LibKey Nomad logo and tagline 'Discovery starts everywhere.' on the left, and the LSU Health Sciences Center logo on the right. A red arrow points to a gear icon labeled 'Options' in the top right corner. The bottom screenshot shows the 'Nomad User Settings' screen. It features the same LibKey Nomad logo and tagline on the left. The right side of the screen contains several settings: 'Nomad Status' is set to 'Active'; 'Nomad Button Placement' is set to 'Bottom Left'; there are three action buttons: 'FORGET' for 'Forget Mendeley and Zotero login', 'RESET' for 'Reset all dismissed Nomad messages', and 'REFRESH' for 'Manually refresh LibKey Nomad++ settings'. At the bottom of the banner area, it says 'Questions? We have answers!' and 'LibKey Nomad is a Third Iron technology supported by your library. Privacy Policy | v1.55.1'.
