*Agenda Item 4. Old business:*

- c) Ombudsman proposal – No action
- d) Standing and Ad hoc committees of the HSC – Senator Simonsen, the head of the Constitution, Bylaws, etc. Committee presented a report. The committee recommends amending the Bylaws and Constitution to establish a new standing committee with the tentative name Committee Coordinating Committee.

**Action:** Senator Simonsen will send out the draft of proposed changes to Senators and Presidents of the Faculty Assemblies. Further discussion and action on accepting the changes will take place at the June Senate meeting.

In the meantime, since there is immediate need of Senate input in identifying faculty who may serve on standing committees at the Center level; either the Executive committee may fill in the gap or an ad hoc committee can be established. In the discussion it was identified that more information is needed on existing committees, such as which committees are purely administrative and which more faculty oriented. Information on activity and workload handled by each committee should be known in order to make an educated recommendation regarding potential Senate-nominated members.

*Agenda item 5. New business*

- a) Nomination of Officers – Senator Simonsen reported that nominations for president-elect and senator have been secured. Julia Volaufova is standing for re-election for Senate secretary and Scott Rubin accepted the nomination for president-elect. No further nominees were added from the floor.  
**Action:** Senator Volaufova will send out an e-mail soliciting any additional nominations for the two offices. Senators wishing to make a nomination will need to send their nominations to Neal Simonsen within a one week time window after the call for additional nominees is sent out. All nominees will be identified prior to the June meeting by email to Senators. The election will take place at the June meeting.
- b) House Bill 179 summary – Senator Paul reported from the Faculty Advisory Committee meeting: HB 179 deals with consolidating the paid leave of classified and academic employees. The suggestion is to cap the accumulated paid leave and combine the present sick and annual leave into one. In his e-mail update, Kevin Cope, the president of the FAC, revealed

that LSU withdrew its support and followed on a decision by Representative Stephen Carter to withdraw the legislation, at least for this legislative session. The Senate has paid and will continue to pay close attention to this issue. In the discussion, Senators Levitzky, Bagby, Paul, Byerly, Langer, Lloyd, Thompson, and others participated.
